3132 McHenry Ave.
Cincinnati 11, Ohio

Following is a list of African Violets and Episcias in production at the present time. These plants have been fed with liquid fertilizer and treated with sodium selenate. The 2 1/2" size are vigorous plants for repotting and growing on, mostly multi-crown, in bud or bloom if possible. These pack in cartons of either 25 or 40. The minimum order is one carton. Varieties may be assorted with no more than 8 varieties per carton of 25 or 12 varieties per carton of 40. All plants are labeled. When ordering please state if you want only the specific variety or if we may substitute when a variety is out of bloom or out of supply.

Asterisk preceding a variety indicates it is also available in 3" size and pack 25 per carton.

Special quotations on lots of 1000 or more.

Credit extended to established customers.

All shipments are made by Railway Express collect. In case of damage, call express agent immediately and have him fill out joint inspection report, which is used for filing your claim. This claim should be filed by you with your express agent promptly, then notify us.

EPISCIAS

Episcias: This list includes the newest names that we know of that have been applied to these varieties. We are underlining the name under which we are carrying each variety or species. Only those listed with a price are available at the present time. These plants may be mixed in a carton of violets under the instructions as given on page 1. The flower color is as indicated: R-Red, B-Light Blue Lavender, Y-Yellow. Mild weather shipments only.
